

Virtual Tour

(PowerPoint Presentation)

Grade Level: 5- Adult

Time Needed: 45- 60 minutes

Supplies: Props for skit, scripts

Location: Classroom

Objective: With school budgets getting tight, we understand that fewer classes will be able to tour the landfill or recycling centers in person, so we will bring the pictures to your students.

We will try our best to provide both the Bremer County Recycling Coordinator and the Bremer County Landfill Manager for your program.

Landfill Slides:

- Yearly Tonnage from 1997- present
- Garbage Rates/Tarp Policy
- Pictures of Large Equipment
- Construction & Demolition Waste Chart
- Water Monitoring
- Tire & Appliance Recycling
- Regional Collection Center for household hazardous materials

Waste Reduction Education Slides:

- Backyard Composting
- Composting with Redworms
- America Recycles Day/Earth Day
- Fieldtrips/Tours
- Recycling in Bremer County Parks
- Waste Tire Management
- Minimizing Household Hazardous Waste

County Recycling Center Slides:

- Brief History, 1990- present
- Benefits of Reducing Waste
- Revenue from Recycling/Markets
- Tonnage of Recycling at Bremer County Recycling Center
- Recycling Equipment, Roll-off Bins, Baler
- Inside the Facility/1,000 pound Bales/Loading Dock
